About the Family

Kesavan and Viji were born in Sri Lanka, but met in Toronto while attending high school. Prior to moving to Toronto in 1989, Kesavan lived in Germany, France and Montreal. Likewise, Viji lived in India and Malaysia before moving to Toronto.

After completing her nursing program, Viji began to serve in various humanitarian roles in Asia. Prior to getting married in 2010, Viji served as a missionary in Mongolia from 2008 to 2010. During that same time Kesavan went back to school to study theology and prepare for ministry in Toronto. Since then they have welcomed three children: Josiah, Micah and Abigail.

In spring 2014, while transitioning out of his role at his local church, Kesavan and Viji felt the call to plant a church in east Toronto to reach the diverse community with the gospel. In God's providence, they were connected to Fellowship Pickering and the North American Mission Board to further discern and begin the work of church planting.

About the Church Plant

After developing a small core group, Fellowship Church Rouge Park was launched in March 2015. In God's grace, Fellowship Rouge Park has been engaging the unchurched and developing gospel relationships. They have begun to see people enjoy new life in Christ as they baptize those the Lord is saving and help them become disciples who will make disciples of others.

Everything at Fellowship Rouge Park reflects our vision: Finding our purpose in Christ, belonging with each other and being the gospel light in our community.
