

## Jose Torres

AGAPE GLOBAL COMMUNITY FELLOWSHIP (DON MILLS)

Find out how you can

**Pray.**

**Participate.**

**Provide.**

#### PRAY.

- That our life groups will grow and multiply.
- For support for our evangelistic and discipleship efforts.
- For my son's application and provision for his education at Moody.
- For approval of our permanent residence application.

#### PARTICIPATE.

- Become our prayer partners.
- Provide help in evangelism and discipleship ministries.
- Join the outreach activities of the church.

#### PROVIDE.

There are numerous ways to help a church plant. Please refer to NAMB's website for the official policy statement concerning providing for church plants.

## About the Family

Originally, we are from the Philippines and came to Toronto, Canada, December 11, 2011. We came here because God called us to serve Him here.

My wife's name is Joy, and she works at Young Street Mission as administrator of their Evergreen Medical Clinic, which serves the street youth. My two sons are Dave Adriel (17) and Kayil Joseph (13). At a young age, Dave received God's calling to serve Him full time. He wants to be a pastor someday. So he decided to go to Moody Bible Institute this fall to prepare himself for full-time ministry. My two sons help us in our ministry by being a part of the church music ministry and the youth small group.

My wife and I graduated at Asian Theological Seminary and are serving the Lord full time for 23 years now. Originally, we came here to pastor a church, but the Lord has led to us to plant a new church.

## About the Church Plant

By God's will and grace, we were able to plant a church called Agape Global Community Fellowship located in the Don Mills area of Toronto. This church is more than a year old now. We celebrated our anniversary November 28, 2014.

Our vision as a church is that "We are a multicultural community committed to evangelism and multiplication of disciples, thereby reaching the world for Jesus Christ." We really want to be a multicultural church. Right now we are predominantly Filipinos, but we want to reach out to other races. Now we have Egyptian, Bulgarian and Guyanese people in the church.

So we can effectively achieve our vision, we have small groups which we call Life Group for adults and youth for edification, evangelism and equipping.
